5) Returned with compliments

6) The accounts pertaining to the Water Supply Work Establishment Provident Fund, in the Bureau of Sanitary Engineering, are in heavy arrears An additional clerk to bring this work to current may perhaps be sanctioned for a period of six months

7) Regarding the pay of the additional clerk for clearance of arrears being charged pro rata to the several Municipalities, it may be stated that it is not a proper charge on the Local Bodies as they are not responsible for the arrears and as percentage or lumpsum recoveries are made from the Local Bodies towards the establishment charges of the Division and the actual charges incurred have to be borne by Government

OFFICE OF THE DIRECTOR OF PUBLIC
HEALTH IN MYSORE,
Bangalore, Dated, 3rd July 1942

No C 1862-16 Elcna copy letter
To

The Secretary to Government,
Law Department, Bangalore

Sir,

Re The posting of a clerk on Rs 30-3-45 for a period of six months to clear the arrears in accounts relating to Provident Fund

Adverting to Government Order No L 8991-9004/41 165-39-12 dated 24th June 1941 sanctioning the extension of the Provident Fund Scheme to other Municipal and Minor Water Works in the State I have the honour to state that the Sanitary Engineer, reports in his letter No 1568 dated 18th April 1942 (copy enclosed) that the accounts work relating to Provident Fund has fallen completely into arrears after 1934-35 and requests for the posting of a clerk on Rs 30-3-45 for a period of six months for bringing the accounts up-to-date

I therefore request you to be so good as to obtain and convey sanction of Government to the entertainment of a clerk on Rs 30-3-45 for clearing the arrears in respect of the accounts relating to Provident Fund, the cost for six months amounting to about Rs 200/- being charged pro-rata to the several annual maintenance estimates, whose employees are given the benefit of Provident Fund

I have the honour to be,
Sir,
Your Most obedient servant

DIRECTOR OF PUBLIC HEALTH

J SR

Letter o 1068 dated 15th April 1942 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

--

Application for hands for the maintenance of accounts connected with the Provident Fund Scheme of the Work charged Establishment -

With reference to your o C 1862-10 dated 23rd ovember 1 stating that it is not desirable to apply for additional hands for the maintenance of the accounts connected ith the above, I have the honour to state that the work in this office is unduly heavy The fact that the existing staff is not able to manage with the current work has often been taken to your notice s it is, this work is sadly in arrears There are about 261 hands for whom ledger accounts are to be maintained The Provident Fund system that was introduced in 1932 with accounts for about 108 hands for K G and Vani Vilas Water Works, gradually increased to 261 by the addition of the hands employed in the other water works also There are also proposals on hand to extend this privilege to some of the remaining Work charged establishment also Owing to want of hands, the accounts work relating to this Fund was allowed to fall into arrears with the result that after 1934-35 the accounts have fallen completely into arrears It is not even possible to find out what is due to each individual I feel there is no use in having introduced this system without having provided sufficient safeguards for the correct maintenance of accounts, on which the accuracy of the amounts at credit of each and the consequential payment on retirement depend From 1935-36 onwards, the calculation of interest on individual balances have not been attended to I therefore recommend that one subdivisional clerk on Rs 30-3-15 may kindly be sanctioned for a period of six months for this purpose, without which the posting can ot be done It is also absolutely essential that this hand should be posted immediately so as to bring the arrears up to date and whether this clerk is to be continued or whether the work on its being brought up

up to date, can be managed by the existing staff, will be reported after watching the progress of work in this direction
